

9476 M² \$80,000

This property is located in the Osa Norte region, within the district of Puerto Jiménez on the Osa Peninsula. It is situated in an accessible area near the town center, providing convenient access to supermarkets, healthcare facilities, schools, and other essential services.

The land measures a total of 9,476 square meters (approximately 0.9476 hectares), offering sufficient space for a variety of development projects, whether residential, commercial, or tourism-related. Its location within the urban radius allows for connection to public utilities.

The asking price is \$80,000. The property's proximity to the town and its size make it a practical option for those looking to establish a presence in the area or invest in a region that continues to attract both visitors and new residents.
